funniestories: Millions. Mardy always has a specific need when we travel indigenous to the specific place we are. IE - we were in Hawaii so the trip just wouldn't be fulfilled until she had a drink from a coconut. Of course, that's rare and we only ran across it once, from a guy with coconuts in a cooler by a road near a beach. We were in a hurry to get to the beach for optimal "sun time" but Mardy was also excited at the prospect of a coconut drink. So I said, "No, let's wait, he'll be here when we get back." He of course wasn't and she missed her opportunity and blames me.

The Mardy Party

Your man knows you're something that he's a lucky guy
Even though there's times you don't see eye to eye
You'd never waer his dry fit shirts even if he begs
You'd sooner be at the Raddison Norfolk eating watery eggs

Welcome to the Mardy Party
You won't want to leave
I know a guy who loves the Mardy Party
And his name is Steve

What word did you mean to say? You can't think
Maybe you were only asking for a cocoanut drink
Your way with language is a thing that makes you you
When life gets bad we all should say "Oh Boo" ("Stupid life")
